

COVER

The 2026 Family AI Scam Defense Kit

A practical family safety system for spotting, stopping, and recovering from modern AI-powered scams.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

DISCLAIMER

Educational and personal safety planning only

Contact banks, payment providers, official agencies, law enforcement, or qualified professionals when fraud, threats, identity theft, or financial loss are active.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

QUICK START

Print these first

Code-word card, emergency contact sheet, scam call decision tree, fake text checklist, before-you-send-money checklist, and incident log.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

60-SECOND RULE

Pause. Verify. Contact directly. Never pay under pressure. Document. Report.

Use this rule when anyone asks for money, codes, credentials, personal information, remote access, secrecy, or urgent action.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

FAMILY CODE WORD

Verify emergency calls without analyzing the voice

Ask for the family code word, hang up, and call the known number. Do not stay on a suspicious call while verifying.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

OLDER PARENT PLAN

Respectful protection

Create a before-sending-money call list and make verification a family rule, not a punishment.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

GOVERNMENT MESSAGES

Authority pressure is not proof

Do not click unexpected toll, tax, jury duty, court, police, or benefit links.
Use official public sites or known numbers.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

BANK AND PACKAGE TEXTS

The safe-link rule

Open the official app or type the official site yourself. Change passwords and enable MFA if credentials were entered.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

ROMANCE AND INVESTMENT

No-shame money filter

If someone you have not met asks for money, crypto, gift cards, investment deposits, or account access, stop and review with a trusted person.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

SMALL BUSINESS

Two-person payment control

Verify vendor bank changes with a known number already on file. Log unusual payment approvals.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

KIDS AND TEENS

Do not panic; tell an adult

Save evidence when safe, do not pay or bargain, and respond calmly so young people keep asking for help.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

RECOVERY PLAN

First hour after a scam

Stop contact, save evidence, call the provider, change passwords, enable MFA, report, warn contacts, and monitor accounts.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

HOME SAFETY SETUP

Reduce everyday risk

Unique passwords, MFA, updates, privacy settings, and careful sharing make personalization harder.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource

Notes

MONTHLY MEETING

Keep the plan alive

Review suspicious messages, code-word privacy, emergency contacts, account security, and support needs.

Action checklist

- â Pause before responding
- â Verify using a trusted method
- â Do not send money, codes, or account access under pressure
- â Document names, numbers, links, receipts, and screenshots
- â Report suspicious or confirmed fraud to the appropriate official resource
